Innovation lights up the future

 **MANA MASTER**
Feel the attractive new design

HIGH QUALITY CERAMIC

The material is made at 1205°C, and it allows the perfect compaction of the materials, resulting in the final ceramics with a greater impact resistance.

It is scratchproof and hypoallergenic

Wash Basins

Designed with painstaking attention to detail, each wash basin represents excellence in manufacture, and the ultimate in precision and control in ceramic sanitaryware.

Clean

A modern, minimalist bathroom vanity featuring a white ceramic washbasin with a chrome faucet. The washbasin is rectangular with rounded corners and sits on a white countertop. The faucet is a tall, single-lever design with a cylindrical body and a curved spout. The vanity is set against a white wall with a large mirror above it. The mirror reflects a window with white vertical blinds and a view of greenery outside. A folded beige towel is visible on the right side of the countertop.
